WHO AND WHERE

Big Top is an online party inspired by the most successful virtual parties of lockdown.

It's brought to you by the organisers of the biggest virtual party of all time, and the best performers the world has to offer.

What are people are saying?

The most fun I've had
in front of a laptop

That was the most
unexpected fun I've
had in ages

OMG - I really
loved that!

The background is a solid dark blue. It is decorated with several musical notes and stars. There are four solid blue musical notes: one in the top-left, one in the top-right, one in the bottom-left, and one in the bottom-right. There are also four solid blue stars: one in the top-center, one in the bottom-center, one in the middle-left, and one in the middle-right. Additionally, there are four white-outlined stars: one in the top-right corner, one in the bottom-right corner, one in the middle-left, and one in the middle-right.

Our talk venue allows for large broadcasts, presentations, keynote talks or comedy!

HOW IT WORKS

Un-hosted spaces.

Spaces without hosts like toilets and campfires, for example, add to the sense of realism and fun.
