THE ENGINE ROOMS'
EVENT SPACE

INTRODUCTION

- The Engine Rooms adjoin one of the world's finest collections of classic cars.

Our luxury meeting and event spaces were added to the Hexagon Classics showroom complex in 2021, along with a Mediterranean-inspired restaurant and a wine bar.

Founded by Paul Michaels in 1963, Hexagon boasts one of the largest collections of classic cars in Europe.

Our event spaces are tastefully designed with a contemporary decor, and can hold from 10 to 250 attendees. You'll find each room to be a blank canvas that can be adapted to your corporate event or private celebration.

We work with a select group of experienced and reliable suppliers who will make every effort to ensure your event is a resounding success.

For your convenience, we offer on-site parking for up to 30 cars, and are just a 5 minute walk from East Finchley Underground station.

At The Engine Rooms, we incorporate our love of art, food, wine, events, and timeless automobiles into an exceptional experience for you and your guests.

THE RESTAURANT

- Our Mediterranean influenced Restaurant is spread across 2 levels, with stunning floor-to-ceiling windows that overlook the courtyard.

On the lower level there is a state of the art kitchen, black and white floor tiling and plenty of natural light.

The Courtyard is a hidden gem lined with an oasis of greenery. The retractable roof can easily be opened depending on the weather, and industrial heaters are fitted for those chillier evenings. The Courtyard can be hired semi-exclusively, and is a great space for private dining with friends and family in the summer.

On the upper level of the restaurant, there is a spacious mezzanine that can accommodate 35 people for an intimate private dining experience. The Mezzanine comes with its own private roof terrace, ideal for pre-dinner cocktails.

For private dining bookings we offer bespoke menus and a selection of sustainably sourced wines and speciality spirits.
